What is Great Bay Masters Swimming?

Great Bay Masters is an association between the masters programs at Dover, Portsmouth, and UNH. When all programs are in session, swimmers will have the opportunity to swim seven days a week. See Page 2 for detailed program schedule information.

Great Bay Masters Swimming is a United States Masters Swimming (USMS) club. See the [Introduction / FAQ](#) for more detailed information and answers to common questions. (<http://www.greatbaymasters.org/introfaq.php>)

Who should swim with Great Bay Masters?

Masters swimming is for adults 18 and over. Swimmers should be able to swim a minimum of 100 yards freestyle without stopping. Swimmers unable to swim 100 yards freestyle should consider adult swimming lessons before starting the masters program. Swimmers who do not know the other three competitive strokes (back, breast and fly) are welcome but should have a willingness to try to learn these strokes.

Why swim with Great Bay Masters?

- Develop fitness and strength through swimming
- Improve stroke technique and become a more efficient swimmer
- Do more varied workouts designed to work all your energy systems
- Enjoy the camaraderie of a fun group of people

Competition

Great Bay Masters will focus on several competitions each year:

- 3000 yard swim, September 15 to November 15
- Short Course Meters Championship, generally in early December
- Short Course Yards Championship, generally late March
- Long Course Meters Championship, generally late June
- Cape Cod Super Swim, Mashpee, 1 and 3.1 mile open water swims, the last Saturday in June

Workouts will be structured around these competitions. The proportion of each workout dedicated to distance, pace, and sprint work will vary in the months before each competition to optimize conditioning.

Participation in competitions is optional. There is no requirement to race. However, swimming in competitions is encouraged for several reasons:

- Group participation in competitions is good fun
- Upcoming races provide an incentive to work out consistently and improve your swimming strokes
- Competition provides the opportunity for goal setting and achievement

USMS Membership

USMS membership is not required to swim at Great Bay Masters workouts. However, we do encourage membership in Great Bay Masters Swimming Inc., a USMS club. USMS membership benefits include a subscription to [USMS SWIMMER](#) magazine, which is targeted to adult fitness and competitive swimmers, and the ability to participate in USMS sanctioned events. In addition your membership will support masters swimming locally, regionally and nationally. Membership forms can be found here: <http://www.greatbaymasters.org/gbmmembership.php>

Jenny Thompson Outdoor Pool, Dover, NH: June through Labor Day

Phone: 603-743-6085
